Everybody Likes the Human Roulette Wheel at the Pan-ama-Pacific International Exposition, San Francisco

THE human roulette wheel at the Panama-Pacific International Exposition is more fun than a "barrel of monkeys." If you are able to get over the exact center of the revolving disk you may be able to keep on the disk, but up to date it has been impossible for any one to find the exact center and all have been slid ignominiously against the buffers.

Fort Shafter Notes

[Special Star-Bulletin Correspondence]
FORT SHAFTER, May 9.—Companies G and H, 2d Infantry, have completed their preliminary work on the target range and fired at 300, 500 and 600 yards, in record practice. The 2d Battalion has been most fortunate in having ideal weather conditions during nearly the whole of their preliminary work and so far on record. The 1st Battalion was not so fortunate, as they were handicapped by many sudden changes in wind and weather. Unusually high scores have been made in the two companies now firing, and with ordinary good luck the ranks of the "bolo squad" will be badly depleted. Members of the "bolo squad" are those men commonly known in military circles as "good all-round shots" or one who continually shoots all around the target without hitting it. Among the officers firing, Lieut. Spencer is high man with 39 at 300, 48 at 500 and 48 at 600 yards. Lieut. Foster is next with a total of 134 for the three ranges and Lieut. Mathews third with a total of 131. The 2d Battalion keeps only two companies on the range each day, alternating with the other two. Companies E and F will begin record tomorrow morning. It is understood that the 3d Battalion will not begin their practice until the 2d Battalion has completed their long range firing at 800 and 1000 yards, on account of the danger and inconvenience of having men firing across the range in their rear.

Wednesday night is to be "amateur night" at the academy and from the number of entries it is going to be some night. The 2d Infantry possesses some excellent talent and if men can be induced to expose the light from under the bushel we are going to have a vaudeville performance worth while. Among other little Mary Pickfords and Maud Adamses on this particular occasion will be musician Downey of Company K with a quintet of vocalists unequalled this side of the Metropolitan—Dan Casey of the Hospital Corps will "put over" an Irish monologue. Musician Thurston and Pvt. Bin Mackaye and Lipps of Company D will present a black-face farce entitled "The Rival Dicksies." Pete Connell, with a team of refined ruffians, will chatter the boards with a dance stunt. Connell and his team come from Company A.

The bright and shining prospect for the evening is going to be the contortionist act by Pvt. Marshall of Company F.

Pvts. McAfee of Company E and Sloan of Company F will do a team work act in the buck and wing line.

A headliner will be the one-act comedy farce by Pvts. Roscoe Blair and Jack Morrow of Company B, entitled "Cousin Jennie."

Others have signified their intentions of entering the competition, but have a slight hesitancy on account of a touch of buck ague or stage fright.

Cpl. Leigh of the band is the instigator of these hideous evenings and is having a large book made with barbs on it which will be wielded resolutely.

BY AUTHORITY.

lentlessly upon request of the audience.

The entire orchestra of the 2d Infantry band will be on hand for the special performance at the airside Monday evening and a splendid program has been arranged for the occasion in addition to a number of splendid film pictures. Following is the program for the evening:

Despite numerous warnings to the people living near the reservation, firing is continually being interrupted by women and children from the neighboring districts. Friday afternoon the 1st Battalion was delayed for an hour or more by the presence of many residents of Liliha on a picnic excursion in the hills in rear of the targets. During the target season it is dangerous for anyone to enter the reservation north of the barracks on any day of the week, including Sunday, as the hills in that direction are fire swept for about three miles.

Pvt. James A. Sothorn, Company F, 2d Infantry, who was tried by a general court-martial recently, was sentenced to be dishonorably discharged from the service of the United States, forfeiting all pay and allowances due him and to be confined at hard labor for a period of six months. Pvt. Sothorn was convicted of drunkenness, escaping from a sentinel, and absconding himself without leave. The sentence was approved but the term of confinement was reduced to three months by the Department Commander.

Lieuts. Wright and Mathews, 2d Infantry, have received notification that a leave of absence for two months has been granted each of them upon arrival in San Francisco about the middle of July. These officers applied for longer leaves, but the war department has adopted a policy of granting leaves for only two months to officers whose regiments are stationed on the border. Neither of these officers have received their assignment, but can hardly hope for any thing better than the border.

"What's the matter with Willie?"
"He's turned anarchist."
"Anarchist? Dear! What's turned him?"
"He says he can't support any government that willfully sends ships to bring home stranded school-teachers."
"Yes, mum, plenty," said the clerk; "them with a hen on 'em are fresh."
"I don't see any with a hen on them," said Mrs. X, looking for a nest.
"The letter 'hen,' mum, not the bird. 'Hen' stands for 'noo-laid, mum."

HOW TO MAKE CANARIES SING.

By keeping them free from drafts and in the sunshine, your bird will, if regularly fed on P.B. & Co.'s Bird Seed, develop into a rare songster.

Moreover, a cake of Bird Manna should at all times be kept in his cage. Never, if you value your bird's life, neglect to have at least 1 cake on hand. All druggists sell it for 15c per cake.

Write for 32-page Bird Book. It is yours for the asking. Philadelphia Bird Food Company, No. 400 North Third Street, Philadelphia, Pa.—adv.

Mrs. X relates that while in London she inquired in a shop if they had any fresh eggs.
"Yes, mum, plenty," said the clerk; "them with a hen on 'em are fresh."
"I don't see any with a hen on them," said Mrs. X, looking for a nest.
"The letter 'hen,' mum, not the bird. 'Hen' stands for 'noo-laid, mum."
